

Welding plates are used for secure mounting of pneumatic impactors series PKL.
 The impulse will be transmitted with high efficiency.
 The special design of these welding plates ensures a good protection of the weld seams.

Welding plates

- Universally applicable
- Suitable for cylindrical, rectangular, and conical containers
- Good protection of weld seams

Welding plates for	Material	Type	OrderNo.	Dimensions [mm]				
				A	B	C	D	H
PKL 135	ST 37-2	ASB - G 135	83613012	400	40	58	80	M 12
